Groundbreaking Launches Construction Of Law Building

DIGNITARIES GATHER — This group of local dignitaries gathered at 10 a.m. on Wednesday, July 18 at the corner of Grove and Lester streets in Lemon Grove to take part in the groundbreaking ceremonies for a $100,000 law building expected to be the county's best. It is being built by the L. G. law firm of Davies and Barwick. Designed for professional people, the building will accommodate five lawyers.
Holding the shovel to break ground are William F. Davies of Davies and Barwick and Sue Davis, Miss Lemon Grove. Bob Vaught, president of the Lemon Grove Chamber of Commerce and Lynn MacDougal, attorney associated with Davies and Barwick stand to the right of Miss Lemon Grove. Kneeling at left in photo are Lyle Carson, contractor and Bob Dryden, manager of the U. S. National Bank. Standing in rear (from l to r) are Gene Arsenault, assistant manager of the bank, Frank Stevensin Jr., architect, and James Clements and Melville H. Taylor of Security Title Insurance Co. The building will contain 3,500 square feet of floor space and will be soundproofed and airconditioned. High School - Junior College Tax Rate Jumps 12 Cents

Higher school taxes will be faced by property owners on their next tax bills.

A public nearing on the two budgets will be held Aug. 6 at Grossmont high school administrative building in Grossmont. The public is urged to attend the budget hearings.

The 2c raise in college district taxes comes with the increase of budget from $1,341,451. Last year it was $866,208. The tax rate last year was 35.5 cents. This year it will be 37.5 cents.

Current operating budget last year was 33.3 cents. This year it is 25.5 cents. Retirement and tuition payment last year was 2.2 cents. This year it is 12 cents. Retirement cost 1 cent on the rate; tution is 11 cents.

The July 23 regular board meeting of the high school trustees was postponed to July 30 due to quorum problems.

At the Aug. 6 meeting budgets for both districts will be heard.

Seven-Year-Old Variance 'Dead' Lot Buyer Learns

SAN DIEGO (CNS) — A plea for reinstatement of a 7-year-old zoning variance in L.G. was turned down Tuesday by the Board of Sups.

George B. Lenning complained that permission was given in 1954 to build 40 feet back on a lot he purchased since. Present zoning laws require 75 feet. He said he bought the lot on the assumption that the varaince was still in effect. Sup. Robert Dent said he thought Lenning "had been took." Variances, Sups. said, are good for only one year.

Child-burning Charge Made

A 26-year-old stepmother, Mrs. Luna Flores, 3572 Helix st., S.V. was charged with inflicting severe corporal punishment on her 4-year old stepdaughter by holding her hands in scalding water.

The injury was discovered by the child's mother, Mrs. Socorra Ybarra, 28, when she visited the home of her ex-husband, Edwardo Flores, on her visiting day to see her three children. When she observed the baby's burned hands she called the Sheriff's Dept. who took them to the S.D. Receiving Home for medical examination.

The child suffered first and second degree burns. The other children were found to have an infected condition on parts of their bodies.

Mrs. Flores, called for a hearing, finally admitted that she had held the child's hands in the water.

TEEN-AGE FIREBUG

A 15-year-old Spring Valley boy has admitted setting nine brush fires over a period of a few years.

The youth was spotted at the scene of a brush fire at 2430 Bancroft in Spring Valley by A.A. Chase shortly before the fire broke out on July 19.

Sheriff's deputies responded to a call by Capt. Mourning of the Spring Valley fire department. He had the boy in custody at the fire station. Mourning taped an interview with the boy. Later sheriff's deputies received a hand written statement from the youth admitting to seting the fires. He gave no reason for setting them.

He was taken to Juvenile hall and the records of the fires believed started by the youth were impounded in order to make photocopies.

FIRECRACKER TOSSER APPREHENDED HERE

Sheriff's men apprehended Lawrence Sozzani, a 15-year-old fire-cracker tosser on unlucky Friday the thirteenth after he allegedly tossed firecrackers over the fence at the Carman Ranch Club swimming facility on Sweetwater rd.

The youth, who lives at 3115 Chateau Way, was referred to the Probation Dept. since he is already in the toils of the law on a burglary charge.

A fire, apparently started in the dry grass near the Ranch club by one of the tossed firecrackers, was quickly extinguished, the sheriff's report shows.

A Mt. Helix housewife reported to sheriff's deputies that someone stole her mink stole. Also missing is her seal jacket.

Mrs. Pouise Addis, 5189 Mt. Helix dr. said that the stole, valued at $1,500 and the jacket, valued at $175 were taken from her hall closet while she was away.

The burglar entered the house by unlocking the back door. The furs were insured and Mrs. Addis said she will prosecute.

La Presa $10 Million Home-Building Project Delayed

SAN DIEGO (CNS) — Action on a blanket zoning variance sought for 980 lots in the La Presa area, involving approximately $10,000,000 in proposed home-building, was delayed for two weeks at the Tuesday session of the County Board of Supervisors.

Security Title Insurance Co. appealed to the Board to over-ride a refusal of the County Planning Commission to allow building closer to the center of the street than the zoning requires.

The area affected is east of La Presa st., south of Jamacha rd., west of Omega st. and north of Jamacha blvd. Supervisors said they would inspect the lots and make a decision at their session of Aug. 7.

Post Office Pressure Closes Woman's Business

The Post Office Department has requested us to report that its "toughest crackdown in history" on mail obscenity has produced a new high in investigations, arrests and convictions this year.

Arrests are up 32 per cent and convictions are up 33 per cent. Convictions were obtained in 98.8 of all cases brought to trial

Postmaster General J. Edward Day noted that no cases of obscenity were handled through "administrative procedures" of which the Supreme Court has been critical. The Department now uses criminal prosecution which is harder to handle but more lasting in effect.

Many readers will be surprised to learn that a Lemon Grove post office box was the headquarters for a garage workshop pornographic business here not many months ago. A postal patron could drop a quarter in the mail to this box and receive by mail, (as promised in small advertisements published in several off-beat magazines) a true-life picture of a beauteous model.

One of the postal clerks, following a tip, sent in his quarter and received a nicely photographed picture of a head-to-hips pose of a blond young lady.

The subject was squarely facing the camera and was decorated in a sort of off-the-shoulder costume. The fact that it was off-her-shoulder all the way down to her hips is what caused the post office people to view the operation with some alarm.

Yet, the picture was a bargain in a sense. It displayed probably 30 per cent more Adam's Apple-to-navel epidermis than model club enthusiasts normally expect to find.

While the postal boys were trying to decide if quantity was a substitute for art form and whether it was pornography, the model, a married woman with three children, quietly closed her postal box and apparently turned her attention to more pedestrian diversions. Interest died down somewhat with the closing of the "shop" and research on the operation petered out about that time.

No report is available regarding the interesting offer that came with the off-shoulder pose in which six additional exciting poses could be obtained for only $1.

Mr. Day did not bring criminal charges against this enterprising Lemon Grove business lady.

Nor can we state with certainty that Mr. Day ever sent his dollar in.

'Lie Down and Be Depressed, Damn You!'

Last year, the federal government declared Trinity County, California a "depressed area" and forthwith uncorked the bung of the Area Redevelopment Administration.

The reason this declaration was noteworthy is that the area didn't know it was depressed; the county did not request, nor want ARA aid.

The weekly Trinity Journal attracted nationwide attention

July 18 Fire Believed Maliciously Set By Boys

The Lemon Grove Fire Department put out four small fires on July 8.

Capt. Harry Alexander said one of them was probably "maliciously set by a teenage boy" seen in the area of the 8200 block on Roy st. just before the fire. Called at 9:08 p.m., firemen sped to the extreme end of the street and extinguished the blaze after it had burned about half an acre.

This fire did no damage but it could have done plenty under drier conditions, Capt. Alexanded explained.

HOW DAY BEGAN

July 8 began with a 11:14 a.m. call to Carlyle and Skyline where a grass field was ablaze. Cause of the fire wasn't determined but there was no loss. At 2:05 p.m. local firemen answered a mutual aid call with La Mesa at the end of Quarry rd. where another fire of unknown origin burned in an open area.

At 6:20 p.m. on the same day, firemen went to 1926 Noble st. where it was found that a firecracker had set a small grass fire that did no damage. The adult who exploded the firecracker was not cited.

An out-of-hours trash barrel fire had a longer career than the resident at 2664 Grange st. expected about 3 p.m. on July 20. Dry grass around the barrel caught fire and flames crept across the yard, through a fence and were by a storage shed on property to the north when firemen arrived.

REGULATIONS EXPLAINED

Firemen explained burning regulations to the out-of-hours burner in Grange st.

A call came to the fire station at 6:06 p.m. on July 20 and firemen discovered that children playing with matches had started a blaze on the vacant lot at Imperial and Kingsley. The parents were contacted, Capt. Alexander said.

On July 21 firemen were called at 1:31 a.m. to put out a fire at 7115 Waite dr. Capt. Alexander said he believed someone started it. It did no damage.

Robert Hines, 43, of 7306 Pearson st. was declared dead on arrival at the hospital after the Lemon Grove ambulance answered a 6:04 p.m. resuscitator call at the Hines home on July 21. He suffered an apparent heart attack, firemen said.

SENATOR KUCHEL PLANS 'FATHER SERRA' STAMPS

A commemorative postal stamp recalling the birth 250 years ago of the famed Spanish missionary, Father Junipero Serra, founder of California's chain of missions, has been recommended by U. S. Senator Thomas H. Kuchel to the Post Office Department.

Noting that Father Serra planted "seeds of a colorful, cosmopolitan civilization," the Senior California Senator wrote Postmaster General Day that such a special postage issue would bring to national attention the role the Majorcan cleric played in colonizing the territory won in the treaty which ended the Mexican war.

"CONTINENTALS" PLAYING AT MICHAEL'S IN L.G.

Michael's Restaurant in Lemon Grove is filled these days with musical sounds of "The Continentals," who are performing on Thursday, Friday and Saturday nights at the big piano bar that is now located in the center of the place rather than at the southwest corner.

Manager Jack Cruse said a good-sized crowd has been dancing on weekends. The orchestra, consisting of piano, bass, drums and sax, specializes in danceable rather than jazzy music, dancers should be interested in knowing.

Bassist John Kouletsis is band leader. Music is from 9 to 1.

The hot item at Michael's in food fare is a steak dinner with highballs for two people for $5.50.

"ENLIGHTENED" CITIZEN GETS ACTION ON LIGHT

Sue Peverly, Spring Valley Estates resident who lives at 1530 Walbollen st., the one who petitioned with others for streetlights but found hers too bright, proved that the plea of a single citizen will be heeded.

She called the Electric Co. and out came some workers to put a shield on one side of the light to keep its bright rays off the Peverly home.

State GOP Committee Soon To Be Formed

Rep. Bob Wilson (R. of Calif.), chairman of the Republican Congressional Committee, said today the proposed statewide GOP Congressional Advisory Committee in California would be cleared with all responsible Party leaders before being formally set up.

"This proposal is in the talking stage right now," Wilson said. "It received early approval of Richard M. Nixon and state Republican leaders. They have enthusiastically backed the plan because top GOP leadership recognized the importance of the House races in California this year."

Noting that in the past Congressional candidates have traditionally accepted the responsibility of conducting their own fund drives, the San Diego Congressman said:

"This year, we have eight new California House seats which we Republicans are going all-out to win. We are discussing a state-wide fund-raising campaign to assure adequate financing of these important races. The drive would in no way conflict with Dick Nixon's campaign for governor, or Tom Kuchel's campaign for the Senate. As a former candidate for both the House and Senate himself, Nixon knows the unique financial problems of a Congressional race, and supports this effort whole-heartedly."

Ownership Shuffled In Area Firm's Stock Sale

Two financial firms involved in a legal spat before its spring honeymoon, were joined in marriage last week.

S.D. Imperial Corp., a minority stockholder in South State Financial Corp revealed last week that it had acquired a majority of South State's outstanding stock. The announcement was made simultaneously by John A. Davis of South State and T. F. Schneider, president of S.D. Imperial.

South State, a holding company, acquired Southland Savings and Loan Assn. in Sept. 1961 except for some shares owned by S.D. Imperial. S.D. Imperial then turned its attention to South State and gained control.

Schneider said that Davis will become a director of S.D. Imperial. Davis will remain also as chairman of the board of Southland Savings. A Southland branch is at Broadway and Main in Lemon Grove.

"We are fortunate to have Mr. Davis as a Director," Schneider said. "We feel that the advice and counsel of a man of Mr. Davis' experience and integrity will contribute materially to the operation and growth of San Diego Imperial Corp."

A suit filed earlier against South State by S.D. Imperial was to effect a more favorable exchange of S.D. Imperial's minority holdings in Southland, Schneider said. The suit was never served.

Schneider said the threatened suit was the result of a misunderstanding of circumstances, and was not intended to, nor does it reflect upon the integrity of any person named in the complaint.

There will be no changes in personnel or policies of the Southland firm, Davis said. All present directors on the board will remain, he added.

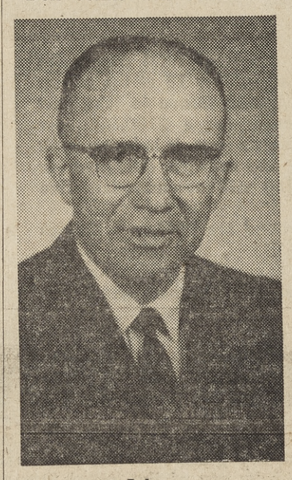

Southland Savings assets are now more than $36 million, Davis reported.

B. F. Goodrich Store Opens Here This Week

A new B. F. Goodrich auto and home supply store — occupying property that is more than three times larger than the former location in San Diego — will open for business here on Mon., July 30 in a modern facility at 7285 Broadway.

The company has operated a retail store in the San Diego market for 33 years. Until the present move, the store was located at 840 "B" street in downtown San Diego.

Don Johns will continue to manage the BFG store. He said, "All of our new equipment will be installed and our stock of merchandise will be complete at the new address in August. We are very enthused about the new store. It will be the largest and most efficient B. F. Goodrich store in the eleven western states."

Johns

Johns said a three-day grand opening celebration will be held on Aug. 23, 24 and 25. In the meantime, customers will find the new store convenient with expanded services and parking facilties.

NEW SERVICES OFFERED

"Customer convenience, ample parking, and faster, more efficient service were prime motives in relocating the store," Johns declared. In addition to complete tire and battery service, the BFG store is now equipped to provide expert brake service, wheel alignment, mufflers, and shock absorbers. All of those services were not available at the old location.

A. R. Laret, Los Angeles zone manager of retail sales, said, "Our decision to expand and move the store was based on a very comprehensive study of this market. We know that a successful sales and service store must be modern, efficient and fully equipped to satisfy customers who want prompt and personal attention."

The sales display room, inside service, stock storage, and offices at the new store now occupy 12,150 square feet. Seven cars and four large trucks can be serviced at the same time. An outside service area is paved to provide 38,700 square feet where customers can stop conveniently and get prompt attention. There is customer parking for 33 cars. Johns said the expansive service area is accessible from both Vista and Citrus avenues. The B. F. Goodrich store when located at the old address comprised only about 15,000 square feet.

PERSONNEL SKILLED

"In addition to our modern new equipment," Johns declared, "we have skilled service personnel to do the kind of mechanical work that customers expect. We are equipped to keep their cars and truck fleets operating in top condition." The store also offers a full line of auto and home items including bicycles, radios, television sets, refrigerators, and other large and small appliances.

Three service trucks carrying air compressors and other tire changing equipment operate from the new store to give fast emergency service to car and truck operators at home or out on the highway, Johns added.

Remodeling of the one-story, block and stucco building to meet specifications of the B. F. Goodrich store properties department was handled by Melton Construction Company, Inc., San Diego. The property is leased from the estate of E. L. La Salle, San Diego.

Building remodeling costs by the lessor and installation of fixtures and equipment by B. F. Goodrich represents an expenditure of about $35,000.

Johns said a 36-foot wide neon sign displaying the B. F. Goodrich pentagonal trademark will stand high above the front service court to identify the new store.

Best Buy Market Closes

Best Buy Market, 7825 Broadway, became the second business casualty among retail markets when it closed its doors last week.

Earlier this month Don Diego market closed.

Best Buy was operated by Albert W. Childs and Melville J. Little and their wives. Both men suffered illness recently. Childs is reported still hospitalized. During this period, Dan Boone, veteran produce manager for the firm was also hospitalized.

Best Buy opened here Feb. 1, 1961.

Closing processes are being handled by the San Diego Wholesale Credit Men's Association for the benefit of creditors.

The 1962 Pony and Colt baseball tournaments are being held jointly at the Helix High School Fields between August 8th and August 20th. The Pony Sectional and the Colt Regional tournaments commence August 8th and the Pony Regional will start of August 16th.

Teams will be coming from areas as far away as Arizona and various parts of Southern California. Field conditions and seating accommodations at the Helix Fields are some of the best in San Diego County. With La Mesa having fielded national championship teams in 1957 and 1961, much interest is anticipated.

Letters To The Editor

Dear Editor:

It has occured to me frequently in recent months to congratulate you on the viewpoints of National and State matters you express in your weekly column "The Dimmer View." Both because of illness and personal writing I neglected to do so.

My opinions concur with your own on the dangers of policies and the administrative incompetence of Kennedy, Brown and most other Democrats in responsible posts, and have expressed them in occasional "Letters to the Editor" columns of the Los Angeles Times, San Diego newspapers and some midwestern ones. Those especially featured with two-column heads such as in the L. A. Times brought letters from Nixon, Goldwater, Tower of Texas, members of state legislatures and others.

Illness in the past six and more months has been diagnosed as neuritis, bad circulation or hardening of the arteries by different physicians. However, my present physician has reduced the stinging or burning sensation throughout my body by use of new medicines, although previously it was difficult to endure and weakened me considerably.

Every continued good wish to you and your newspaper, and those you cherish most.

Cordially,
Philip Reister

Dear Editor:

An item in your Dimmer View (July 19) prompts this 'equal time' bit from a subscriber.

Dear Mr. and Mrs. Democrat:

Please don't let the newspaper scribes bug you. They can print that typical GOP vituperation at will, after all, they own the rag. We know that they ridicule in fear and anguish, and they belittle because they are fighting an extremely hard uphill battle. We know that they try to stamp 'moron' on any Democrat that they hope to pass their inane babel onto.

We Democrats know that Pat Brown is not a bumpkin (on quote), we know that he is the governor, a fine one, of the greatest state in the union. We also know that President Kennedy is not a carpet-bagger (on quote, Nixon). We know that there is no such thing as the 'Pink House' (on quote, Winchell) in Washington, D.C. We know too of the numerous (and nasty) anecdotes of the family of the President. Shame.

Democrats, let the drivel flow, November is not far off . . . he who laughs . . laughs, laughs.

Local residents will shop where they are invited by clean sidewalks, curbs and store fronts. Lemon Grove used to have these things and was busy. In fact, Lemon Grove was once the fastest growing community in the U.S.

If we people have any pride left we'll see to it that our town is cleaned up and kept clean.

Many religious and political leaders are having a field day at the expense of our supreme court and the present Administration (although the present Supreme Court and present Administration can hardly be linked closely as most of the Justices were appointed by Mr. Eisenhower.)

To support the Court in the decision has been termed a blow against God, country and mother; and has also been described as further evidence that our entire government is accommodating the communists. While some reactions to the court's decisions have been well informed, and just in the criticisms made, many have been uninformed and based upon personal reaction instead of the merits of this case. Here are two non-political observations.

Firstly, there is continued secularism creeping into our society and culture which smacks of the Roman empire. But regarding religion and the schools, many feel that the Constitution guarantees religious freedom to mean that religion needs a state license to be kept in schools.

Now schools are not supposed to promote religion of any kind. This does not give schools authority to ignore religion completely, or to use the school system as a tool for promoting atheism, secularism or religious irrelevancy. Religion needs objective study and this can be done without socializing the church by the state or promoting a specific religion.

Secondly, the Court did not rule against prayer or God! God does not need the Supreme court or any court to be GOD! Nor does the Court's decision eliminate prayer from the public schools (or homes). It does eliminate a specific prayer from specific school procedures to which all students must comply.

Justice Black, speaking for the majority of six, ruled that the "regent's prayer" of New Yorks smacked of religious establishmentarianism," was inconsistent with the Constitution, and must cease." Although an unpopular decision, we can be thankful that our government has made it most DIFFICULT FOR A SCHOOL SYSTEM SUPPORTED BY PUBLIC FUNDS TO BE USED AS AN AGENT TO PROMOTE ANY RELIGION (Buddhism, Islam, Protestantism, Catholicism, Zorastrianism, Shintoism etc., within the framework of our schools. The wall of separation of Church and state has been dangerously and faithfully defended. It is always living dangerously faithful to liberty in any form.

Sincerely,
Jordan E. Detzer, pastor

and a California Newspaper Publishers Assn. award by editorially attacking the federal government for declaring the county a "depressed area" against the county's will.

The editorial's eye-catching heading was "Lie Down and Be Depressed, Damn You."

Sen. Clair Engle, a Democrat who is beginning to act more like a Republican than his GOP associate, was aghast. In a bitter letter to Commerce Secretary Luther Hodges last week he said:

"We did not set up the ARA in your Dept. to force redevelopment medicine down the throats of areas that don't know they're depressed, that haven't applied for this Federal assistance and don't want it. Yet this has happened in California (Trinity County).

"I should like to ask you why?"

He rapped the Secretary's knuckles with the further remonstrance that applicants for Federal aid of this nature should be voluntary, irrespective of Federal (unemployment) figures.

Last week, the board of supervisors of Trinity County found that it is against the rules not to accept the title. Following a two-day meeting they reluctantly bowed to the pressure of the Federal government and accepted the title which carries with it the opportunity for borrowing ARA money.

The Supervisors made it clear that it still hasn't accepted any money . . . and probably won't.

What Is Untrue, Mr. President?

When Republicans produced a national guide of political conduct last month, it was hailed by GOP Party members. By necessity, charges of shortcomings in the Democratic administration were used as a backdrop for comparison.

President Kennedy claimed the charges to be untrue.

The Republican Congressional Committee, a hard-hitting group of GOP leaders who have brought into better focus the Administration's penchant for playing fast and loose with American heritage, principles, Constitution and leadership addressed itself to the subject with this letter:

Dear Mr. President:

Recently you were asked at a press conference to comment on charges contained in a Republican Declaration of Principle and Policy that your Administration was bankrupt of leadership in foreign affairs and that New Frontier incompetence was destroying confidence domestically. Your answer, as quoted in the press, was: "It isn't true."

What we'd like to know, Mr. President, is what isn't true? With reference to the first part of the question asked you which pertains to bankruptcy in the leadership you have provided in foreign affairs, isn't it true:

(1) That the invasion of Cuba failed because of your decision which denied the invaders proper air and naval support? (2) That you, yourself, admitted responsibility for the decision which foredoomed the invasion, thus condemning more than 1,000 men to prison or death? (3) That you and your appointees in the State Department, particularly Averell Harriman, forced on the pro-Western Laotian Government a Communist dominated "troika" administration which had first been called for by Nikita Khrushchev? (4) That your Administration allowed the Communists in East Berlin to erect a wall separating that city and denying freedom of movement which had been guaranteed in five separate treaties and agreements between the West and the Reds since World War II? (5) That your Administration even now is negotiating with the Soviets in an attempt to set up international control over access routes to Berlin, thus giving the Communist East Germans a voice in determining whether the residents of that city may be isolated. (6) That your ambassador to the United Nations, Adlai Stevenson, sided with the Communist bloc and against our NATO allies in voting in the Portugese Angola question: (7) That your Administration went along with the Soviet position in the Congo aimed at crushing Katanganese independence?

Also (8) that Mr. Stevenson was expressing the view of your Administration when he said it does not "make any difference when one of these countries slips behind the Iron Curtain?" (9) That as Mr. Harriman said recently, he and your Administration did not "much care what happens to Laos?" (10) That your Administration diplomatically insulted one of our oldest allies, the Netherlands, by refusing to send a representative to the opening session of New Guinea's newly-elected parliament? (11) That on orders of your Administration the vast majority of Alliance for Progress funds thus far spent or earmarked has gone to those Communist-influenced nations which sided with Fidel Castro and against the United States at the Punta del Este conference? (12) That official Administration policy was expressed by State Department Under Secretary George W. Ball before the Business Council in Hot Springs, Va., on May 12, when he said the U.S. should neither withhold aid from nor attempt to influence emerging nations which wish to adopt Communistic forms of Government? (13) That the disarmament proposal put forth by your representatives in Geneva would, in accordance with Russian wishes and the recommendations of the left-wing book, The Liberal Papers, deny use of nuclear weapons to the West Germans and other allies and set up a "neutral" zone in Central Europe? and (14) That this same plan calls for an eventual turn-over of our armed forces and weaponry to the United Nations?

With reference to the second half of the question asked at your press conference, isn't it true, for instance: (1) That Dow-Jones stock market averages have dropped more than 140 points, or about 20 per cent, since March. (2) That personal and business bankruptcies are at a 21-year high? (3) That retail sales and personal income declined in May? (4) That first quarter business profits are down? (5) That construction, housing starts, lumber and mine production and orders for heavy machinery have declined? (6) That steel production, which you indicated is the key to the American economy when you attacked a proposed price increase, has dropped for 10 consecutive weeks? (7) That our national debt is at an all-time high? (8) That your Administration's big spending has been the greatest in our history for peacetime and was surpassed in only two of the many years this nation was at war?

We repeat, Mr. President, what isn't true?

Respectfully,
The Republican Congressional Committee

East County Chapter For Retarded Children Gets Swimming Pool

The East County Chapter of the San Diego County Association for Retarded Children will add a $5,000 swimming pool to its El Cajon center as a gift of the Associated Swimming Pool Industries, a San Diego organization.

The pool will be 24 by 50 feet and will be installed at the chapter's center, called "Angels Unawares" at 1374 E. Lexington ave., El Cajon. The pool will be the James Schultz Swimming Pool in memory of this former member of the ASPI who died in November 1961.

$45,000 SPEED QUEEN WASH OPENS IN L. G.

ADMIRERS — Admiring the shiny new modern equipment in the shiny new modern Speed Queen Wash a few doors west of the Lemon Grove post office are Judy Mayors (left), a St. John of the Cross eighth grader who lives at 3410 Turf ln., John Cares, co-owner of the laundromat and Eileen Wise, who will enter Mt. Miguel High school in the fall and who lives at 3423 Trophy dr. The trio here is checking out one of the machines built to take extra heavy washes. Behind Cares are visible the dryers that patrons are invited to use free of charge.

Over $45,000 has gone into the new Speed Queen Wash, the coin-operated laundry slightly west of the Lemon Grove post office on the same side of the street.

It contains 40 Speed Queen washers, two extra large 25-lb. washers for big loads like blankets and small rugs and two coin-operated hairdryers.

A rather new feature is a coin-operated pressing machine that has been constructed so it's easy to use.

The new business stays open 24 hours a day, seven days a week and parking has been provided both in the front and rear of the laundromat at 7941 Broadway.

Co-partners in the new business are Frank Jennings and John Cares, San Diego businessmen. Cares said the laundromat is the most modern equipped one in the county. "We have the best equipment mony can buy," he said. "And part of it — the 14 dryers — are there for customers to use as much as they wish free of charge."

The Allied Equipment Co. of 516 Seventh Ave. in San Diego designed, engineered and furnished the equipment.

CYSTIC FIBROSIS BENEFIT SHOOT SET FOR SUNDAY

The San Diego Field Archers are inviting archers everywhere to attend their Cystic Fibrosis benefit shoot, which will be held on Sunday morning on the Balboa Park Field Range located behind Alcazar Gardens. Registration begins at 9 and the shooting will start at 9:30 promptly.

The ship served on he Formosa Straits patrol and operated with aircraft carriers of the Seventh Fleet. She visited Hong Kong, the Philippines, Japan and Hawaii.

Upon her arrival in United States" waters, the ship rejoined the First Fleet, the Navy's major operational flee on the West Coast.

Boy Scouting Reaches High Point Of Year; Big Camps Active

The summer program for county Boy Scouts is in full swing, according to a recent report from the San Diego Council of the Boy Scouts of America. The report points out that a total of 3,200 Scouts in 232 troops have signed up for summer camp at Mataguay Scout Reservation, Camp Haul-Cu-Cuish and King Creek Ranch. Over 2,000 Cub Scouts, Boy Scouts and Explorers are registered in the summer swim program at Balboa Camp.

Chairman R. J. Kliegel predicts a record camping year. He says that for those boys who have not as yet been included there is still time to get into the act. Reservations for the swim program and the camps may be made at scout headquarters. Chairman Kliegel has been asking all leaders to consider the following points:

Vacation time, the period when boys have "time on their hand" means scouting time.

Scouting is a full 12-month program and boys pay their registration fee for 12 months. The summer months offer the best opportunities for real scouting adventure.

A fresh approach is possible in summer.

No matter what your summer program, it is bound to be fun for boys because it will be different, it will be outdoors.

FERRANTE AND TEICHER TO BE IN CONCERT

The popular recording stars Ferrante and Teicher will highlight the third in the San Diego Symphony's "Gala Summer Series of 1962" in Balboa Park Bowl on July 31.

Rep Utt Sponsors Student Testing Legislation

Representative James B. Utt (R-Calif.) announced that he has introduced legislation which would control improper student testing and counseling in our schools. HR 12114, as explained by Rep. Utt would require reasonable notice to parents when such tests were being considered and allow parents the right, which many assume they now have, to refuse permission to school authorities to give such examinations to their children.

Utt said that he was alerted by parents who are concerned and shocked by tests presently being given in public schools under the guise of student counseling. "There is a growing general awareness that 'student counselors' tests are distinctly different and are a wide departure from the well accepted tests for achievement, aptitude and vocational guidance about which there is no concern or objection," Utt said.

"Reasons given for withholding information about the new 'student counselor' tests are that 'they wouldn't mean anything to the untrained person' (parents)," according to Utt. "However, parents are finding that they are not only able to understand the tests but are also able to discern a common pattern in them. They are outraged at the nature of the questions being asked. Many questions, selected at random from questionnaires having from 100 to 500 similar questions, are written in such a manner as to prevent a child from giving a true answer with a simple 'yes' or 'no' response," Utt charged.

Utt's bill, if enacted, would strengthen the legal right of parents who take the responsibility of controlling the educational effort of their own children.

Squirrels And Rabbits Said Disease Carriers

Ground squirrels and rabbits should be avoided for a very good reason, according to James M. Moon, County Agricultural Commissioner.

While most are aware of the danger of rattlesnakes, Moon said, they are not aware that rabbits and squirrels can carry serious diseases like Sylvatic Plague and Tularenia. Their bite could give a human this disease, Moon explained.

Lemon Grove Executive Was Child Star

by Pat McGehee

A recent newcomer on the Lemon Grove scene has a distinction that probably few people who've met him know about. The newcomer, Lemon Grove Bowlero executive manager Jim Ferguson was the first child to have his picture printed on the cover of a piece of sheet music.

Ferguson said that as a youngster he got into show business and made numerous stage appearances between the ages of six and 13. He was with the Joe Rock Comedies, stage show equivalent of the Our Gang Comedy movie series. Also he did blues singing and had the reputation of being the first child to do this type of vocalizing.

FERGUSON TODAY — Recently-new executive manager of L. G. Bowlero Jim Ferguson has led a business world adult life and his success as a child star kind of amazes him today. Nice as it may have been, he's glad he got out of entertainment as a teenager.

As an adult, Ferguson has been in newspaper advertising, movie theatre operation and other business activities. He came to Lemon Grove from managing the Helix Theatre in La Mesa. He ended his show business career in his early teens even though many people thought he had as good of a chance as colleagues like Mickey Rooney.

The peak of Ferguson's success in the show business world came when a music publishing company was getting ready to print the first edition of "Song Of The Wanderer" with words and music by Neil Moret. The firm searched around for a likely candidate to appear on the sheet music.

Encountering young Jimmie, he winsome lad with long, girlish hair the publishers elected to forget about putting an adult on their music. Instead, they took the boy with the faraway look who went with the theme of the song.

WAS POPULAR SONG

"Song Of The Wanderer" still appears in music albums. It ran through a big period of popularity in the United States and other countries. Many thousands of copies of the edition with Jimmie's picture are in home music collections today. Undoubtedly many a person has wondered what the youthful singer is doing now.

Now he is the efficient-looking man who wears a crewcut and is busy making the Lemon Grove Bowlero a center for constructive community recreation.

One wonders why a man who can call Mickey Rooney his "old buddy" is not still in show business. "My mother wanted me to lead a normal life," Ferguson says. "She yanked me out of show business just in time and I've always been glad."

Ferguson lives with his wife in the Lake Murray area. They plan to live in Lemon Grove eventually.

Jim Ferguson seldom talks about his experiences as a child star. Yet he gained an early fame and was one of America's best-loved children. Whether or not he will get up and sing a song now is something he didn't comment on. However, it wouldn't hurt to ask him.

GETS APPROVAL OF STATE, VIA OFFICIALS

Grossmont College's expanded curriculum for the 1962-63 college year has been approved by the California State Department of Education and Veteran's Training Authority.

Dr. Emil Toews, chief, Bureau of Junior College Education, and H. E. Summers, chief, Bureau of Readjustment Education, notified Grossmont College officials of this approval by their offices.

ON SHEET MUSIC — This is a photo of the frontispiece on the original edition of "Song of the Wanderer," a number that L. G. Bowlero's Jim Ferguson introduced about 1930 as a child star at the age of eight. Few know that Ferguson as a youngster was the first child to have his picture used on sheet music. Note the girlish hairstyle he wore as a child singer.

Small Business Aid Is For Asking Says Candidate Van Deerlin

San Diego County's lagging economy can get an assist from the government almost for the asking.

That word was brought home from Washington yesterday by Lionel Van Deerlin, candidate for Congress for the 37th district.

Van Deerlin said the Small Business Administration will establish a full-time branch office in San Diego if the community shows a desire for it. This agency has concentrated recently on helping businessmen and small industrialists locate subcontracting business.

While in the Capital for conferences with Democratic leaders Van Deerlin discussed San Diego's plight with Congressman James Roosevelt, (D-Los Angeles) chairman of the House Small Business Committee. "Mr. Roosevelt assured me San Diego can obtain this agency's services — and soon — if we make a strong presentation," Van Deerlin said. "He urged me to return to my district and organize such a campaign."

At the present, San Diego is visited once each week by an SDA field representative out of Los Angeles. His activity is limited to accepting loan applications.

San Diego is the nation's largest metropolitan center still lacking a full-time office of this key agency.

In addition to its loaning authority, the Small Busines Administration performs many useful services for firms not large enough to maintain an extensive sales staff.

One such service is the maintenance of a "bid room." Here every major defense contractor and government agencies list the specifications for component parts or other supplies they expect to buy. Manufacturers are assisted in preparing their bid proposals.

In some instances procurement officials for big firms are sent to the agency's branch offices for interviews with prospective sub-contractors.

Van Deerlin said a branch in San Diego would not only open new manufacturing opportunities to local industrialists, but would benefit the taxpayers by widening the bid base on government production, therefore knocking prices downward.

Expansion Of Sheriff's Substation Decreases Incidence Of Crime

Since the Lemon Grove sheriff's sub-station was greatly expanded in mid-May, there's been a decrease in crime in the Lemon Grove-Spring Valley area, according to Sgt. Bob Ryan, who heads up the detective division. He said facts aren't yet available to prove this but that it's evident on the basis of the number of calls received.

Expansion of the L. G. station was part of the decentralization of the San Diego County Sheriff's Department. Most of the men formerly were stationed in downtown San Diego, Sgt. Ryan said.

Lt. L. C. "Bus" Ernest is in charge of the substation in Lemon Grove. He said the new operation is running smoothly and that having a bigger force here has proved to be a more efficient way of keeping this part of the county covered.

Lt. Bill Clemens heads up the patrol force at the Lemon Grove sub-station. Sgt. Ryan has been at Lemon Grove for six years.

Sumner Funeral Held Tuesday; L. G. Realtor

Funeral services were held on Tuesday morning of this week at 10 a.m. for C. Cecil Sumner of 1743 El Roy dr., who had been a real estate man in Lemon Grove for the past 10 years. Sumner died in his car July 11 while coming home from Alpine with his wife.

Survivors include Louise Sumner, his wife; two stepchildren, Larry M. Kelly and Berneice K. Flagg of San Diego; two sisters, Mrs. Margaret Brackett of Mission Hills, S. D. and Mrs. Elizabeth Roxborough of Sacramento, and a brother F. A. B. Sumner of San Diego.

Sumner worked with Hesser-Stevens Realty Co. at 7580 Broadway, L. G. for the past 10 years. A native San Diegan, he was in real estate in this area for 35 years. He was well-known in business circles, having handled sale of the land at Grove and Broadway in Lemon Grove where the United States National Bank now stands.

Sumner served with the U. S. Army in World War I.

Local arrangements were handled by Bonham Brothers Mortuary. The funeral was there and interment followed at 11 a.m. Tuesday at Fort Rosecrans National Cemetery.

L. G. Store Manager Saves Boy, 4, From Pond At Balboa Park

Leornard Farness, manager of Brumley's Shoes at 7763 Broadway in Lemon Grove jumped into a Balboa Park lily-pond on Sunday of the week-end before last to save a drowning four-year-old boy.

Grove resident Farness was walking through the park with his wife and daughter Nancy, who is seven. Nearing the large pond about which a scattered group lolled, he saw the child thrashing in the water, he said.

On the edge nearby two men reached out ineffectually for the boy, Mrs. Farness remembered. Without taking time to consider, Farness explained, he jumped feet first into the water and immediately got the child out. The water was about four feet detp.

No artificial respiration was necessary but the boy regurgitated a lot of water, Farness said. Witnesses told Farness that the child had gone under for the second time. He fell into the water trying to get a stick.

"It all happened so fast there wasn't time for a crowd to assemble," Mrs. Farness said. The mother, who had been on the lawn nearby and probably hadn't been aware of her boy's danger came over to Farness, who was soaked up to his shirt-pockets, and repeatedly thanked him, he said.

Farness drove back home with his wife and girl to 8136 Roy st., L. G. in wet clothes. "I never saved anyone before," he said, "And come to think of it, I don't even know the little boy's name."

NEW WAREHOUSE FOR AREA

MOVERS EXPANDING — Bekins staff poses proudly with new warehouse facility which will serve L.G.-S.V. area.

Bekins Van & Storage Co. announced the opening of it's fourth warehouse in the San Diego area. It is at 8375 Hercules, near Grossmont shopping center on Highway 80.

The construction of this warehouse, representing an investment of approximately $200,000, is an indication of Bekins confidence in the tremendous growth of the San Diego area, said James H. Feuling, District Manager.

The design and technology of the construction is the result of years of experience combined with the continued efforts of the Research and Development Director of the company. This modern warehouse is planned so that large storage vaults can be stacked like building blocks, with no wasted space.

The new single story, 14,000 sq. ft. concrete warehouse was built by Nielsen Construction Co. of San Diego, and will serve La Mesa, Fletcher Hills, El Cajon, Mt. Helix, Grossmount, Spring Valley and Lemon Grove.

Founded in 1891 in Sioux City, Iowa Bekins is now the largest singly owned concern of it's kind in the world. The company was established in California in 1895 by Martin Bekins, one of the original founders in Iowa.

They have been in San Diego for nearly 40 years and each 10 year period has seen the construction of an additional warehouse to take care of added growth in this area.

Pack 47 Back Safely From Ramona Oaks

This month's meeting of Cub Pack 47 was a family camp-out July 21-22 at Ramona Oaks. After a day of swimming, hiking, and nature study, the Cubs joined their parents in a group wiener roast, followed by a business meeting and a rousing "comunity sing." A moonlight swim before bedtime insured a good night's sleep even for those roughing it on the ground. After more swimming and hiking the next morning, the weary Cubs and their exhausted parents headed for home, remembering the bee-tree in the middle of camp, the possum and owl seen Saturday night, the king snake that darted up a tree so quickly, the exciting tracks of "a bear or lion or some big animal," and the ever-present squirrels.

The next meeting of Pack 47 will be a family swim at Carman Ranch Club August 13 at 6 p.m.. Families will bring their own picnic lunches. Swimming will be free for Cubs and will cost 50c for other family members. A regular business meeting will be held at poolside at 8 p.m.

Donovan Says Import Change To Be Helpful

Richard J. Donovan, Republican candidate for 77th District Assemblyman, hailed the Treasury Department's easing of import regulations with Mexico as a long overdue recognition of our close ties with that country. "I was pleased to learn that the 24-hour rule was to be lifted because it puts an end to a discriminatory practice and puts us on an equal footing with other tourist-conscious states bordering Mexico."

Donovan also announced his third appointment to the Republican State Central Committee, Mrs. Norman Carroll, 7994 Lemon Circle, La Mesa. Mrs. Carroll is treasurer of the La Mesa Republican Women's Club. Appointments of C. Arnholt Smith, prominent San Diego businessman, and Mrs. Burleigh Bagnall, Chula Vista had been announced previously.

Freight Outlet Opens Store In L. G.

Sam Ingraham

The Freight Outlet, a growing chain of retailers specializing in major appliances and tv, is being opened here Friday at 7968 Broadway at Grove st.

The store in Lemon Grove is the firm's fifth and the manager is Sam Ingraham. Ingraham said the L.G. store, like the ones on Oceanside, Escondido, Imperial Beach and San Diego, would handle nationally known merchandise. He listed G.E., Westinghouse, RCA, Whirlpool, Admiral, Amana, Motorola and Magic Chef as some of the lines. Ingraham has been with the chain since it started 5½ years ago.

The firm's owners, Bart Hentschell and F. Sweeney, said they had chosen Lemon Grove as a location because of the centralized location and easy accessibility from the east county area. "Lemon Grove will be the largest retail center in S.D. in time to come," the pair said.

Hentschell said the store here will handle new, freight damaged, bankrupt, and close-out merchandise. "We can buy it cheaper because we have a five store buying power," he said. "We pass the savings to the purchaser."

Sweeney said, "Our popular no-money down policy is fact. . . not fiction. We sell appliances without a down payment. Yet, everything we sell has a full factory warranty and service guarantee."

There'll be no grand opening event, Sweeney said. . . "just good values. The same values we have year around. . . no bait and no gimmicks."

LG's Turnbull To Cavort With H'wood Clowns

HOLLYWOOD (Special)—Lemon Grove actor Bob Turnbull has been accepted on the Jerry Lewis Clowns Softball squad in the Entertainers League in Hollywood.

This Double-A squad is made up of men connected with the entertainment profession in Hollywood. They play other show biz teams in their league and also travel for benefit games in Palm Springs and Santa Barbara. Turnbull is an outfielder-catcher. Jerry Lewis sponsors the team and plays first base.

All of the players have had baseball or softball experience. Turnbull never played either sport while at Helix High School, where he graduated. His first year in organized baseball was for the L.A. Times team in '58 and '59 was captain in '60. Their combined won-lost column was 62-7. An old eye injury kept him from playing last year.

Some of Turnbull's teammates include James Garner, Ty Hardin (Turnbull's roommate), Bud Pennell, Chuck Connors, Gary Clarke, Perry Lopez, and of course, Jerry.

For the second straight season Turnbull is also the coach for the P.J.'s Girls Softball team, sponsored by P.J.'s, an after-hours nightclub. They are also in the Entertainers League, Girls Division.

LITTLE LEAGUE PLEDGE GIVEN

With the closing of National Little League Foundation Week lately, an official of the Cajon de Oro Little League said he thought it would be appropriate to acquaint the public with this official pledge of little leaguers everywhere:

"I trust in God. I love my country and will respect its laws. I will play fair and will strive to win. But win or lose, I will always do my best."

The Foundation is an organization which seeks to further little league activity throughout the nation. According to plans, the Foundation eventually will be able to furnish equipment for local teams. This will be accomplished through investing funds collected during little league week.

Lemon Grove Little League collected more funds than any other league in district 42. LGLL sent $137 to the national foundation.

It may sound silly but be careful about fires in your home — too many people are being burned to death.

First National's Dividends Up— Earnings Down

Distribution of approximately $2-3/4 million has been made to county residents in the first six months of 1962 by The First National Trust and Savings Bank of San Diego, according to Jack Koop, vice president and L.G. branch manager.

Bank President Anderson Borthwick called the distribution of savings interest and dividends "a significant boost to the San Diego economy."

Borthwick pointed out that savings interest paid by the bank during the period increased 46% over last year to $2,193,720. In June, the bank's Board of Directors declared a semi-anual dividend of 50 cents a share, amounting to $528,000.

Net earnings before transfers to reserves for the first half of the year were $1.10 a share compared to $1.20 last year.

"The 9 per cent decrease in net earnings is moderate in view of the additional $689,000 we distributed so far this year in savings interest," Borthwick said.
